### ***About the Workflow Management Coalition ([www.wfmc.org](http://www.wfmc.org))***

The WfMC, founded in August 1993, is a non-profit, international organization of workflow vendors, users, analysts and university/research groups. The Coalition's mission is to promote and develop the use of BPM and workflow through the establishment of standards for software terminology, interoperability and connectivity between workflow products. Comprising over 300 members worldwide, the Coalition is the only standards body for this specific business process software market. The creation of the WfMC Standards Reference Model has proved its importance in other areas of technology, most notably the ISO Seven Layer reference model for computer communications.
