2009 Finalists Announced in Global Awards for Excellence in BPM & Workflow

November 3, 2009—Lighthouse Point, FL. Future Strategies Inc., is pleased to announce the Finalists for the *2009 Global Awards for Excellence in Business Process Management (BPM) and Workflow*. Co-sponsored by WfMC, BPMFocus and BPM.com and now in their 16th year, these prestigious awards recognize user organizations that have demonstrably excelled in implementing innovative business process solutions to meet strategic business objectives. There are five geographical regions. Each region receives Gold and Silver Awards.

This year the Awards Ceremony will be presented in a virtual format with the Gold and Silver winners announced in a special webinar on Tuesday November 24, 2009 chaired by Derek Miers, lead judge.

Awards Director Layna Fischer commented on the strength of the entries, especially those implementations with BPM and workflow extending beyond corporate boundaries to support customers, suppliers and trading partners. "We received a record number of high-quality entries in the North America region," said Ms Fischer. "World-wide, the trend continues of successful integration of multiple systems."

Regional Finalists were selected by a panel of judges drawn from the sponsors; more details on case study requirements can be found online at www.bpmf.org.
